What have you done – Within Temptation

Would you mind if I hurt you Understand that I need to Wish that I had other choices Than to harm the one I love

What have you done now!

I know I'd better stop trying You know that there's no denying I won't show mercy on you now

I know I should stop believing I know that there's no retrieving It's over now What have you done

What have you done now

I,

I've been waiting for someone like you But now you are slipping away What have you done now Why, Why does fate make us suffer There's a curse between us Between me and you

What have you done What have you done What have you done What have you done now What have you done What have you done What have you done What have you done Would you mind if I killed you Would you mind if I tried to Cause you have turned into my worst enemy You carry hate that I don't feel It's over now What have you done

What have you done now

I,

I've been waiting for someone like you But now you are slipping away What have you done now Why, Why does fate make us suffer There's a curse between us Between me and you

What have you done What have you done What have you done What have you done now What have you done What have you done What have you done What have you done

I will not fall Won't let it go We will be free When it ends

I,

I've been waiting for someone like you But now you are slipping away What have you done now Why, Why does fate make us suffer There's a curse between us Between me and you I, I've been waiting for someone like you But now you are slipping away What have you done now Why, Why does fate make us suffer There's a curse between us Between me and you
