

Worship – Years & Years

Wanna be here tonight
Wanna hide in your light
Wanna cover my eyes,
I feel you reflecting me
I worship all that you see
Can I still make it right?
Can I be what you like?
Can I keep up this fight?
I hope that you'll never know
Why I need your control
(Unholy, I want you to know it)
You're all I need to survive
(Unholy, I want you to know it)
Blind devotion
(Unholy, I want you to know it)
And you'll be my sacrifice
(Unholy, I want you to know it)
Say you love what I love
I worship, high praises,
My longing drives me crazy for you
My kingdom for your graces
I'm not gonna tell nobody,
I'm not gonna tell nobody 'bout you
I'm not gonna tell nobody 'bout you
Gotta hold my head up,
Gotta move for your touch
Gotta keep my lips shut
I do what you tell me to
'Cause in darkness I follow you!
I follow you!
(Unholy, I want you to know it)
You're all I need to survive
(Unholy, I want you to know it)
Blind devotion
(Unholy, I want you to know it)
And you'll be my sacrifice

(Unholy, I want you to know it)
Say you love what I love
I worship, high praises,
My longing drives me crazy for you
My kingdom for your graces
I'm not gonna tell nobody,
I'm not gonna tell nobody 'bout you
Just tell me how I can prove
I'm the one for your fire and I'll take you higher
I'll do it for you, and you can worship me too

(Unholy, I want you to know it
Unholy, I want you to know it
Unholy, I want you to know it
Unholy, I want you to know it
Unholy, I want you to know it)

I worship, high praises,
My longing drives me crazy for you
My kingdom for your graces
I'm not gonna tell nobody,
I'm not gonna tell nobody 'bout you
I'm not gonna tell nobody 'bout you
I worship, high praises,
My longing drives me crazy for you
My kingdom for your graces
I'm not gonna tell nobody,
I'm not gonna tell nobody 'bout you
I'm not gonna tell nobody 'bout you
