Is It True? – Yohanna

You say you really know me You're not afraid to show me What is in your eyes So tell me 'bout the rumours Are they only rumours? Are they only lies? Falling out of a perfect dream Coming out of the blue Is it true? (Is it true?) Is it over? Did I throw it away? Was it you? (Was it you?) Did you tell me You would never leave me this way? If you really knew me You couldn't do this to me You would be my friend If one of us is lying There's no use in trying No need to pretend Falling out of a perfect dream Coming out of the blue Is it true? (Is it true?) Is it over? Did I throw it away? Was it you? (Was it you?) Did you tell me You would never leave me this way Is it true? (Is it true?) Is it over? Did I throw it away? Was it you? (Was it you?) Did you tell me You would never leave me this way (Is it real?) (Did I dream it?)

Will I wake from this pain? Is it true? (Is it true?) Is it over? Baby, did I throw it away? Ooh is it true?
