Is It True? - Yohanna

You say you really know me

You're not afraid to show me

What is in your eyes

So tell me 'bout the rumours

Are they only rumours?

Are they only lies?

Falling out of a perfect dream

Coming out of the blue

Is it true? (Is it true?)

Is it over?

Did I throw it away?

Was it you? (Was it you?)

Did you tell me

You would never leave me this way?

If you really knew me

You couldn't do this to me

You would be my friend

If one of us is lying

There's no use in trying

No need to pretend

Falling out of a perfect dream

Coming out of the blue

Is it true? (Is it true?)

Is it over?

Did I throw it away?

Was it you? (Was it you?)

Did you tell me

You would never leave me this way

Is it true? (Is it true?)

Is it over?

Did I throw it away?

Was it you? (Was it you?)

Did you tell me

You would never leave me this way

(Is it real?)

(Did I dream it?)

Will I wake from this pain? Is it true? (Is it true?) Is it over? Baby, did I throw it away? Ooh is it true?
