

# Eurosummer – Zara Larsson

In my little sundress, barely covers me up  
Tell me, how sexy am I? Very  
Drunk on the beach, barely, getting no sleep  
Tell me, how good is this life? Very  
Every night's an event  
Kiss me, kiss me, French  
Show me something I won't forget now  
Got the euros in my hand  
Got the time to spend  
Baby, let's go all in  
I'll be your girl for two months  
You tell your friends I'm too fun  
Naked and never sober  
This feels like Euro summer  
This feels like Euro summer (ooh)  
This feels like Euro summer  
Remember last night, lately  
How'd we get home safely?  
Is it real love? Maybe  
One more easyJet  
Got my lips sangria red  
Smoking skinny cigarettes  
Let me live until I'm dead  
'Cause baby  
I'll be your girl for two months  
You tell your friends I'm too fun  
Naked and never sober  
This feels like Euro summer  
Nothing lasts forever  
(Oh, oh-oh) feels like Euro summer  
Break me, picture in your memory  
I'm in a bikini, hot under the sun  
Baby, let's get fucking crazy  
Red wine on your bedsheets,  
you're my little fun  
Oh-whoa-oh

This feels like Euro summer

This feels like Euro summer (oh, whoa)

(Oh) this feels like Euro summer

(Oh, oh-oh) this feels like Euro summer

How sexy am I? How sexy am I?
