

# Midnight sun – Zara Larsson

No nightmares,  
When you can still see the light  
Can't find me, I'm not in the city tonight  
I like your playlist, boy,  
turn it up a little louder  
Old time fate, saw you drive a little faster  
It's like you're nothing tonight  
, but I'm feeling so high  
Show my tan lines, low rise, rooftop down  
It's golden now all the time  
It's the midnight sun,  
kissed skin under the red sky  
Laying on your chest like this  
Hold me like the pebbles  
In your hands, initials in the sand, yeah  
Summer isn't over yet  
Skinny-dipping with your heart, out  
It's my favorite part  
Now we ain't gotta tell no one  
A never ending midnight sun  
A never ending midnight sun  
Connected, I'm so in touch with it all  
You feel protected by the moon and the stars  
I'm walking barefoot,  
feel the grass in between my toes  
Bombshell, wind in my hair, baby,  
let it blow, yeah  
It's been a while since I cried  
over something so nice (So nice)  
Show my tan lines, low rise, rooftop down  
It's golden now all the time (All the time)  
It's the midnight sun,  
kissed skin under the red sky  
Laying on your chest like this (Ah)  
Hold me like the pebbles in your hands,  
initials in the sand, yeah

Summer isn't over yet  
Skinny-dipping with your heart, out  
It's my favorite part  
Now we ain't gotta tell no one (Shh)  
A never ending midnight sun  
A never ending midnight sun  
A never ending midnight sun  
A never ending midnight sun
