

Never Forget You – Zara Larsson

I used to be so happy
But without you here i feel so low
I watched you as you left
But i can never seem to let you go
'cause once upon a time you were my everything
It's clear to see that time hasn't changed a thing
It's buried deep inside me
But i feel there's something you should know

I will never forget you
You'll always be by my side
From the day that i met you
I knew that i would love you 'til the day i die
And i will never want much more
And in my heart i will always be sure
I will never forget you
And you will always be by my side 'til the day i die

'til the day i die ('til the day i die)
'til the day i die ('til the day i die)

Funny how we both end up here
But everything seems alright
I wonder what would happen
If we went back and put up a fight
'cause once upon a time you were my everything
It's clear to see that time hasn't changed a thing
So what in this world do you think
Could ever take you off my mind (take you off my mind)

I will never forget you
And you'll always be by my side
From the day that i met you
I knew that i would love you 'til the day i die
And i will never want much more
And in my heart i will always be sure

I will never forget you
And you'll always be by my side 'til the day i die

[both:]

Feeling it, loving it
Everything that we do
And all along, i knew i had something special with you
But sometimes you just gotta
Know that these things fall through
But i'm still tired
And i can't hide my connection with you

Feeling it, loving it
Everything that we do
And all along, i knew i had something special with you
But sometimes you just gotta
know that these things fall through
I can't hide my connection with you

I will never forget you
And you'll always be by my side
From the day that i met you
I knew that i would love you 'til the day i die
And i will never want much more
And in my heart i will always be sure
That i will never forget you
And you'll always be by my side 'til the day i die

'til the day i die

I will never forget you

'til the day i die
